

Kent and Medway Universities and Further Education Colleges Engineering Teaching Opportunities 2022/23 (Post Graduates)

A new and exciting partnership in the Further and Higher education sector within Kent and Medway is seeking applicants to teach engineering at Further Education College campuses in either Canterbury, Gravesend or Medway.

This is a fantastic opportunity for students that are looking to share their own academic experience amongst future learners, teaching them the skill and knowledge that are needed within the engineering sector.

Several part-time opportunities to gain valuable teaching experience delivering electrical, electronic and mechanical engineering to level 3/4 students.

Positions could include 1-20 hours per week x 36 weeks from September – July, all depending on what is suitable for you.

Salary is (£19,420) to 23 (£23,198) pro rata

For details about the different technical curriculum requirements that we are seeking to be delivered and example job description go to the following [link](#)

Want to know more?

An information / recruitment event will be held at MidKent College in Gillingham on June 8 2022, giving you the chance to see the College facilities and meet staff and students.

Please contact Jessica.grewal@midkent.ac.uk to book a place or for further details.
